These figures represent fall headcount enrollment at Stony Brook University of students classified as domestic (not U.S. Nonresident) by their geographic origin. Geographic origin values are assigned based on a students earliers home address for a given academic career. Domestic students reporting a home address outside the United States are grouped into "Other Location". Domestic students reporting no geographic origin are included in Suffolk County. These data do **not** reflect a students tuition residency. Counts are from the Day 15 snapshot and should be considered preliminary, pending final audit. Enrollments are counted following requirements established by the U.S. Dept. of Education for reporting to the Integrated Postsecondary Data System (IPEDS). U.S. Nonresident: A person who is not a citizen or national of the United States and who is in this country on a visa or temporary basis and does not have the right to remain indefinitely. Note: 2024 data are preliminary until reported to IPEDS in spring 2025.
