

Stony Brook  
University

## MASTER'S PROGRAM IN NEUROSCIENCE

### SCHEDULING NOW FOR 1-ON-1 INFORMATIONAL SESSIONS

Meet with the Program Director to answer your questions about our program, the admissions process, and to discuss your application and academic goals.

Email [NeuroMS@stonybrook.edu](mailto:NeuroMS@stonybrook.edu) now to request a 1-on-1 virtual meeting on November 17th (2-4pm), December 6th (12-2pm) and January 6th (9-11am).

*Developmental  
Neuroscience*

*Cellular & Molecular  
Neuroscience*

*Systems  
Neuroscience*

*Translational  
Neuroscience*

*Computational  
Neuroscience*

### MS Program Features

#### Mentoring

A strong interaction between students and faculty is a major training focus.

#### Flexibility

Training involves a solid foundation in fundamentals of neuroscience and flexibility to pursue specific areas of interest. Full and Part-time options available.

#### Opportunities

Opportunities to participate in world-class research.

### Contact us!

Email [NeuroMS@stonybrook.edu](mailto:NeuroMS@stonybrook.edu) with questions and to schedule your 1-on1 virtual meeting with Program Director Dr. Howard Sirotkin. Read more about the Master's Program in the Department of Neurobiology & Behavior on the web at <https://bit.ly/SBUMASTERS>
