# OLLI AT SBU LECTURE SERIES

We would like to thank all of our past OLLI at SBU Lecture Series speakers!  
The generosity of these speakers has been such a wonderful addition  
to the OLLI program especially now during this pandemic.

## TO ALL OLLI WORKSHOP LEADERS:

OLLI Members have expressed their gratitude for your generosity and dedication  
to the OLLI at SBU Program especially during these challenging times.

See their heartfelt notes of appreciation\* below

*“Thank you so much to all of the workshop leaders whose dedication to the program raised our spirits and make our stay at home much more tolerable. I wish you all the best of health. ”*

*“First, thank you to all workshop leaders who have held classes in person in the past before this terrible virus changed the way we conduct our lives. Next, thank you to all workshop leaders who held Zoom classes for us when we could no longer attend classes in person. That was a challenge to you, and I thank you for learning how to do this so we could continue learning. Finally, a big thank you to summer Zoom leaders. You helped brighten my days while being isolated this spring and now during these early summer days. A BIG THANK YOU TO YOU ALL!”*

*“I want to thank all of our generous workshop leaders who have given their time to make our days at home so much less isolating and so much more enjoyable.”*

*“It has been wonderful to spend the summer session with you. Thank you dear workshop leaders for facilitating stimulating, thought provoking, educational, and entertaining hours. We laughed, we cried, we got through another month of COVID-19 stay-in-place protocol. Zooming into one another's hearts and minds provided much needed connection to my many OLLI friends. In need, a very gratifying experience. Looking forward to more lifelong learning in September.”*

*“Thanks for the bright light of OLLI workshops over these past few months. It was so nice to be able to continue learning while being physically isolated. Bravo to all the OLLI workshop leaders truly supporting the idea of lifelong learning.”*
