Winter 2025 OVPR Revise and Resubmit Seed Grant Program
The Winter 2025 OVPR Revise and Resubmit Seed Grant Program is now accepting applications.
What Does it Fund: The program will support the resubmission efforts of PIs/teams who have received highly favorable summary statements on prior, unfunded grant proposals submitted to external sponsors. The funds are to be utilized to explicitly address concerns and gaps in the original submissions as indicated by the reviewers. The OVPR Revise and Resubmit Seed Grant program will accept proposals from PIs targeting external funding opportunities from any sponsor for their resubmissions.
Applicant Requirements: Please review the eligibility criteria carefully in the request for applications to determine whether you need a letter from your Department Chair.
Award: The average award size will be $10,000. Well-justified proposals may request up to a maximum of $15,000. This cycle is expected to award a total of $30,000. Award periods will vary but will be no longer than 12 months. PIs are expected to apply for external grants within the award period.
Deadline: Proposals are accepted on a quarterly basis, beginning with a deadline of **Friday, January 3, 2025,** via the Revise and Resubmit Seed Grant Program Application Portal in InfoReady.
For more information, review the request for applications.
